INTENSIVE ENGLISH COURSE (IEC)

This course is designed to help students improve their English language knowledge and proficiency. This intensive course has three levels starting from IEC I (Beginner), IEC II (Pre-Intermediate) and IEC III (Intermediate). Prior to course commencement, students are required to sit for a placement test to determine their proficiency level.

The result will determine at which level will the students start the course.

At the end of the course, the students are expected to progress in their language proficiency that is assessed through proficiency tests. Students can also expect to be able to use the language in a real context on their English course. Students can expect a convenient learning environment with dedicated instructors, small class size, and technology-assisted teaching and learning. The course also focuses on practical, effective and natural communication to help students equip themselves to fast-track their language proficiency.
